WHAT DOES FLEX DO? /
COSA FA FLEX?

Since 1990 FLEX has been a leader in setting up public indoor and outdoor places, by creating standard and custom solutions for directional signage, communication and pedestrian traffic management, display systems and multi-media supports.

Focus on quality, innovation, Made-in-Italy design and professional consultation services make FLEX the ideal partner to meet your customisation needs and give your communication a distinctive character and effectiveness.

Dal 1990 FLEX è azienda leader nell'allestimento di spazi pubblici, interni ed esterni, attraverso la realizzazione di soluzioni standard e custom per la segnaletica direzionale, la comunicazione, la gestione dei flussi pedonali, sistemi espositivi e supporti multimediali.

L'attenzione alla qualità, l'innovazione, il design Made in Italy e i servizi di consulenza professionale rendono FLEX il partner ideale per soddisfare le tue esigenze di personalizzazione e conferire carattere ed efficacia alla tua comunicazione.

MADE IN ITALY
MADE IN ITALY

FLEX was established in 1990 by Fausto Lucà, and was a pioneer in providing solutions that are now considered essential for communication, orientation and the use of space in any environment or setting.

The typical Italian feel for aesthetics combined with high-value design, not to mention the quality guaranteed by the Made in Italy label, accompany research and ongoing development, creating continuity between market requirements and technological innovation.

FLEX positions itself on national and international markets as a unique, highly-specialist partner, supporting customers from the preliminary planning phase through to setup and an after-sales service.

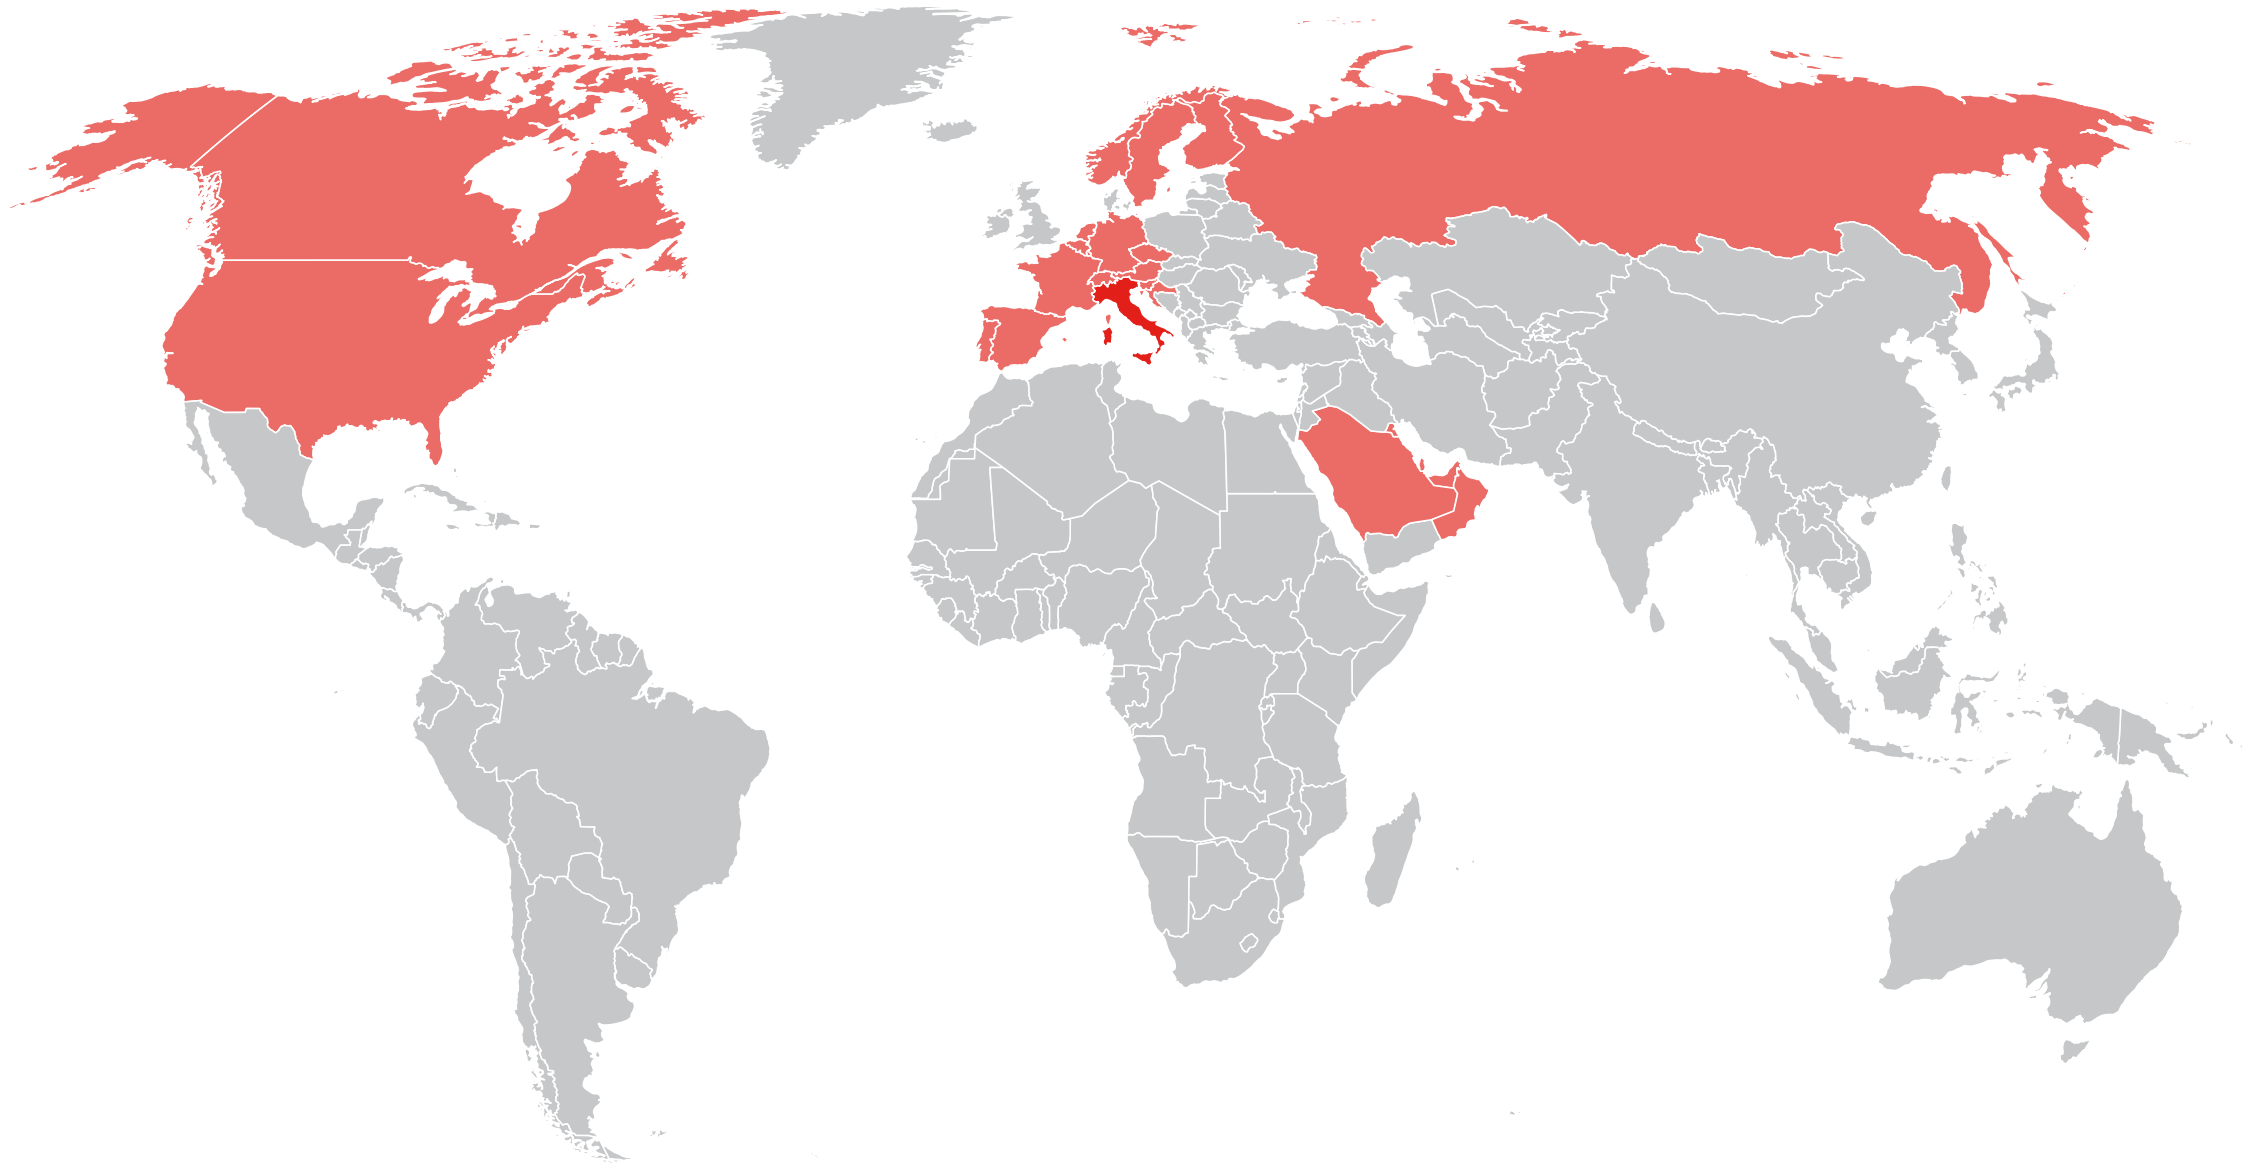

FLEX nasce nel 1990 da un'intuizione del suo fondatore, Fausto Lucà, precursore di soluzioni che sono oggi considerate elementi imprescindibili per la comunicazione, l'orientamento e la fruizione degli spazi di ogni ambiente o comunità. La sensibilità estetica, tutta italiana, unita al design di valore, e la qualità garantita dal Made in Italy accompagnano la ricerca e lo sviluppo costante creando un rapporto di continuità tra le richieste del mercato e le innovazioni tecnologiche. FLEX si propone sugli scenari nazionali ed internazionali come partner unico e altamente specializzato, affiancando il cliente dalla fase preliminare di progettazione a quella di allestimento e successivo servizio post vendita.
